

Is this Familiar?

How ProfDev Max will help

- Full Control
- Frees up time
- Reduces the admin burden

**Performance improvement plans and action points are easily recorded,
no need for a separate database**

**You will never overlook an action point - ProfDev Max
includes an automatic weekly email of overdue action points**

**Plus - see at a glance the impact of implemented actions and
planned Line Manager meetings/appraisals**

Upload examples of Good Practice, videos, documents etc. and create an easily accessible, valuable, shared resource

Upload

notice: After you have clicked on Upload please stay on this screen and wait until it closes by itself

With ProfDev Max staff are actively encouraged to be involved in their professional development

Continuing Professional Development

Updating is quick and easy -24/7 from anywhere with internet

With ProfDev Max it is easy to evaluate the effectiveness of the support and training undertaken.

Help

Date: 19/10/2015 dd/mm/yyyy Required

Activity Summary: Developing resources

Activity Type: E-LEARNING

What did you learn from this?

Made aware of a wider range of materials suitable for classroom activities

How has this learning made a difference to your work and improved the way you work?(e.g. statutory/mandatory training;improving business;customer satisfaction;meeting own personal learning needs etc.)

I am using a wider range of materials & involving the children in making the resources.

Staff can feedback on the process using the built in online Evaluation Forms

What do they think of the observation process? Do they see it as a benefit to them?

ProfDev Max provides evidence needed to take appropriate action to make relevant adjustments and improvements to your process

Obtain reports/graphs/information at the click of a button

PDF reports

Teachers with Last Observation Date		Teachers by Risk Band (incl. Uncompleted Action points)	
All Observations		All Observations - by Observer	
All Not Completed Observations		Not Completed Observations - by Observer	
All Good Practice Examples		Good Practice by Observer	
Good Practice by Category			
Continuing Professional Development - Learning Log			
Action Points - by Teacher			

Excel Reports

Teachers with last observation date	
All Observations	
All Observations - by Observer	
All Not Completed Observations	
Not Completed Observations - by Observer	

[Close](#)

Extra power of the option of linking to Excel and other Microsoft Office components

- *Essential reports readily available*
- *See at a glance the impact of actions taken or areas where staff need assistance or have strengths*
- *Customise filters to create detailed, easy-to-use reports allowing analysis at whole school, department, age range, subject and staff level etc.*
- *Evaluate teaching and learning overtime by selecting a specific time period for report*
- *Staff CPD record/report easily accessible*

Information is presented in such a way as to facilitate Ofsted and School Governor scrutiny as well as providing essential information for mentors

Have timely information available 24/7

All relevant information is updated as an observation is completed – instant, real time information

- ProfDev Max is a web shared resource which is available 24/7 on any device with Internet Access.
- It is fully multi-user, with different levels of staff access which are fully under your control.
- It is quick and easy to use, encouraging regular usage.
- It automatically updates as observations are carried out.

ProfDev Max frees up time and reduces the admin burden

And has these added advantages ...
